6. Algemeen besluit

We zien geen opmerkelijke verschillen in de bezetting van de parkings tussen 2018 en 2019.

Op parking Grote markt zien we dezelfde zowel in de week als in het weekend dezelfde trends terugkomen, met uitzondering van de weekendbezetting in februari en juni 2019 waar we een lichte daling vaststellen.

Het maximum aantal abonnees is beperkt tot 10.

Op parking Kathedraal zijn er iets meer abonnees aanwezig in de parkings. Verder zien we zowel in de week als in het weekend dezelfde trend ivm de bezetting in 2019 als in 2018. Zoals voor parking Grote Markt zien we ook hier een lichte daling in de bezetting in de maanden februari en juni 2019.

Op parking Hoogstraat is er in 2019 eveneens een hogere bezetting van abonnees zowel in de week als in het weekend tov 2018. Dit kan verklaard worden door de verkoop van 19 parkeerplaatsen aan KLE waardoor. Dit zijn 19 abonnees extra in de parking.

Op parking Veemarkt zien we in 2019 voornamelijk in het weekend een hogere bezetting van kortparkeerders dan in 2018.

Op parking Tinel zijn er geen grote verschillen in de bezetting tijdens de weekdays. In het weekend zijn de drukste uren tussen 14u en 16u, uitgezonderd in de maand februari waar het drukste moment zich rond 21u situeerde. Tijdens wedstrijden van KV Mechelen stellen we een hogere bezetting vast in Parking Tinel.
